- 记住这个纪念日；保护女童；给女童平等权利。

#### 4. As a teacher, list two ways you can create an awareness about the Girl Child to our children.

作为老师，请列出两种可以使我们的孩子对女童有所了解的途径/方法。

- Teach children to protect themselves
- Educate child's rights and protect themselves
- Cybersecurity and care, safety and nutrition.
- Health and care and protection from abuse.
- Educate the children on the existence of this group of underprivileged girls and pray for them. Also to teach our children ways to protect themselves especially during this IT era, cyber security is very important.
- Through storytelling; Through sharing news articles
- Educate the children that everyone should be given fair opportunities to their abilities. To build an awareness in them on Girl Child.
- Regardless of their gender we are all equal. (treat them equally ) and we all have the same rights. As a teacher we will educate them about gender equality.

- Talk about girls who overcame their adversities for being a girl eg Malalah;
- Talk about equal rights for both genders in terms of education and healthcare.
- Educate the children of their rights, especially the girls(stories, videos, visiting shelters/homes) ; Cultivate generosity, respect, equality & compassion for others (E. g. Give donations to charities, being respectful to their helpers)
- Respect girls, to show videos of young girls treated badly
- Through visual pictures. Telling them we are created in God's image. We should respect one another; Through story of the girl child. Sharing the potential of the girl child.
- Check the media; Pay attention to internet
- Create awareness related to the happenings in the world
- Respect for girls, no bullying, teach the girls from young about self care and love
